The Programme Coordinator  
Health Programmes  
BANA

Dear Sir,

I write on behalf of headmen (village headmen) Chapu, Kabengele, Kholo, Chisaka, Mwatokololo, Shabamba, Mpola, Kapila, Chinwanya, Njuma, Mpakasa, Chipuluka, Chilele, Mabanga, Puyu, Mutoya and Lyewa. They are thanking you for carrying out such important health programmes in their community, as demonstrated in sketches and speeches they witnessed on 24<sup>th</sup> June, 2003 at Welcome Centre, marking the end of a course.

After lunch headmen held a meeting in which they discussed many issues pertaining to health including AIDS. At the end of the meeting headmen resolved that they too undergo a course probably of a shorter period, just to equip them with basic principles on health matters. They feel that, <sup>that</sup> way they shall co-ordinate well with those that are being trained and the community at large.

This is therefore, to request your good office to avail a course for 17 headmen and 8 women (eight women).

Yours faithfully

S. M. Tanka
