

## Welcome to the Norwegian Bahà`i summerschool 2020 at Beitostølen

The National Spiritual Assembly of Norway and the summerschool committee extends a harty welcome to all at this year`s summerschool entitled «Promoting Prosperity and Humankind»

Welcome to a very inspiring week with main speaker Dr. Firaydoun Javaheri. A former member of the Universal House of Justice from 2003 - 2018, member of International Teaching Centre, and Board member in Africa, he possesses a PhD in agriculture. Dr. Javaheri has lived many years in Africa; 2 years in Gambia and 25 years in Zambia where he served his community in social and economic development. In Zambia he also helped to inaugurate the Banani International Secondary School for girls.

In addition to this, Raymond and Furugh Switzer from Hungary will be holding afternoon sessions with a focus on challenges in marriage. During this week they will also hold separate sessions for youth, the program here is still being developed. There will also be a separate session for adults where they will give talks on the Power of Words: conscious parenting from cradle to adulthood.

The childrens` programme will have a new and exciting approach built on Ruhi Book 3 in a very creative way.

The rest of the afternoon program will be richly varied, from music sessions to art with dear Mr. Tooraj, and Ruhi Book 8 with Dr. Javaheri. Tooraj will buy material for his art sessions and he needs to know how many will be attaining his class. The sessions are therefore binding, and fees will have to be paid in advance. Payment of 300 kr. can be made to Vipps no. 545637 .

Attendance at all other workshops are free of charge. It will help if you give advance notice of which sessions you would like to follow. We, the summer school committee, will be happy if you already now can notify us if you are coming. This way we can continue our planning. Should the summer school be stopped due to the pandemic, your payment will be refunded. Our National Spiritual Assembly will decide this by the end of May.
